Intelligent Process Automation (IPA)

Intelligent Process Automation combines process automation with Robotic Process Automation (RPA) and Machine learning (ML)

- [Artificial intelligence \(AI\)](#)
- Digital Process Automation (DPA)
- [Robotic Process Automation \(RPA\)](#)
- Machine learning (ML)
- [Digital Transformation](#)

What is IPA?

“IPA is a strategic business imperative for enterprises to accelerate digital transformation by focusing business process transformation and automation. IPA initiatives can drive radical improvements in business process efficiency, productivity, employee performance, and operational intelligence.”

— [Appian](#)
