# PMI

Project Management Institute (PMI) is the world's leading not-for-profit professional membership association for the project, program and portfolio management

<https://www.pmi.org>

The Project Management Institute (PMI) is the leading professional association for project management, and the authority for a growing global community of millions of project professionals and individuals who use project management skills. PMI offers various certifications, resources, courses, and events to help project managers advance their careers and deliver value to their organizations. PMI also sets the standards and best practices for project management, such as the Project Management Body of Knowledge (PMBOK) Guide and the Agile Practice Guide. PMI's vision is to equip people to make ideas a reality.
